Who We Are

The Ontario Society of Artists is a vibrant hub of creative energy with an active elected membership of over 240 artists, living throughout Ontario and working in a wide range of media and form, artists with varying backgrounds and cultures. Many of its members are considered the nation's most accomplished artists, practicing within various disciplines.

The OSA mandate is to foster and promote the visual arts through exhibitions, education, special projects, and arts advocacy.

The OSA is a non-profit, charitable organization, administered by a volunteer executive council of members. **The OSA Honourary Patron is the Lieutenant Governor of Ontario.**

Historically, the OSA played an important role in establishing major Canadian art institutions such as the Royal Canadian Academy of the Arts, the National Gallery of Canada, the Art Gallery of Ontario and the Ontario College of Art and Design. Many individual disciplines are now represented by Societies and Clubs formed because of the OSA influence.

An important purpose of the OSA is to provide members with a collegial atmosphere and a forum for the interchange of ideas and information. Emerging professional artists are offered encouragement and opportunities to reach a wider public with their work; established artists benefit from a supportive and stimulating fellowship. Annual membership fees are payable Jan. 1st.

The OSA's activities include member exhibitions, annual open juried exhibitions, special education projects, and various social activities. The OSA website provides information on exhibitions and projects, our members, our newsletters, and houses catalogues of past OSA exhibitions as far back as the nineteenth century.

OSA New Members are admitted through a jury process, based on the professional quality of their submissions and we expect new members to make a positive contribution and commitment to the OSA.
